**Baby (Ooh yeah, oh)**

**On this white snow I follow your steps**

**(Whoa) Yeah, listen**

**You can't go any further, I can't follow you**

**If you get too far I can only stare**

**Before the calendar ends**

**I'll find where you are**

**I'll come to you so please stop**

**Worried that I'll get lost**

**You carved your feelings deeply**

**This fallen love**

**Becomes an arrow to me**

**That points to where you are**

**With footprints that are a tad**

**Smaller than mine**

**I walk this path on the snow**

**Oh I can see your figure**

**You turn around wondering how far you came**

**Over the snow I took time**

**To remember your face**

**So that the falling snow doesn't cover your face**

**Do you still remember us sparkling together**

**Chasing the memories that stopped on that day**

**This fallen love**

**Becomes an arrow to me**

**That points to where you are**

**With footprints that are a tad**

**Smaller than mine  
I walk this path on the snow**

**The night you spent alone passes  
Opening your door  
You'll be surprised  
Finding me who looked  
Like I was passing by**

**You give me yours, I'll give you mine**

**This fallen love  
Becomes an arrow to me  
That points to where you are  
With footprints that are a tad  
Smaller than mine  
I walk this path on the snow**

**Yeah yeah, no no no, oh**
