

Switchblade Kittens - Ode To Harry

Verse:

**I can't help but blush when you're near me
But you just exclude me from your circle of three
I'm right in front of you, but you don't see
You treat me like I'm a Colin Creevey**

Chorus:

**I love you
But it seems you don't love me
My friends say I should wait
And I know
You will see that we were meant to be
When you miss me it will be too late**

Verse:

**I have swallowed so much love my hair grows red
Come over to my house to see my brother instead
You didn't get my Valentine, didn't know what it meant
Every page about you my diary's read**

Chorus:

**I love you
But it seems you don't love me
My friends say I should wait
And I know
You will see that we were meant to be
When you miss me it will be too late**

Verse:

**Even though you're the one I adore
Next year at Hogwarts you'll see I've transformed
I will hold my head up high, I'm a Gryffindor**

And you won't need to save me anymore

Chorus:

I love you

But it seems you don't love me

My friends say I should wait

And I know

You will see that we were meant to be

When you miss me it will be too late
