

## **Kuh Ledesma - Till I Met You**

**I never dream  
'cause i always thought that dreamin' was for kids  
Just a childish thing  
And i could swear  
Love is just a game that children play  
And no more than a game**

**'til i met you  
I never knew what i love was  
'til i met you  
This feelin' seems to grow more everyday  
I love you more each day  
I believe you  
I believe in every word when you say  
"i love you all the way."  
Now i could swear  
Love is not a game that children play  
So tell me that you'll stay**

**'til i met you  
I never knew what i love was  
'til i met you  
This feelin' seems to grow more everyday  
I love you more each day  
Woh...woh**

**You and i should be together  
Can't you see?  
Can't you see?**

**'til i met you**

**I never knew what i love was**

**'til i met you**

**This feelin' seems to grow more everyday**

**I love you more each day**

**'til i met you**

**'til i met you**

**'til i met you**
