

Frawst - Be Quiet

(hook: frawst)

Bitch be quiet

Shut the fuck up

Don't say nothing

You ain't shit but a crumb

You do what your told too

I do what i want

Good drugs in my nose

Big juice in my cup

Yuh

Bitch be quiet

Shut the fuck up

Don't say nothing

You ain't shit but a crumb

You do what your told too

I do what i want

Good drugs in my nose

Big juice in my cup

Yuh

(verse 1: frawst)

Took me out my comfort zone

Stuck in the wrong neighborhood

Don't want to go

Back to new york

Might as well go hollywood

So i can become a star

Take my shot at meagan good

Lately i've been contemplating suicide

Maybe i should

End it all before it start

Haters probably wish i would
So they can laugh in the comment
Section post on facebook
They don't want to see
A nigga rich and famous
Rather see me clocking in
Working a day shift
I'm about to do a leap of faith
Either that or blow my fuckin brains out
Like kurt cobain
Drunk and faded swerving lanes
Underrated heard the name
F-r-a-w-s-t
Had to spell it for the people
Who can't read Id
And dyslexic just like me
Who need special education
Almost fell asleep
Forgot to take my medication
Dedicate to medicine
Open up a can of mustard
I just want the money
Ain't trying to have
No damn discussion

(hook: frawst)

Bitch be quiet
Shut the fuck up
Don't say nothing
You ain't shit but a crumb
You do what your told too
I do what i want
Good drugs in my nose

Big juice in my cup

(verse 2: merlin babaji)

Bitch shut the fuck up

I'm just trying to fill my cup up

Drugs on a lot of

Sip a little henny out the bottle

Now i'm fucking on a model

In the back of a benz

Up in japan i be fucking on some twins

I don't give a shit no i'm stacking up the m's

Hard to see a hater with versace on my lense

Smoke in the booth

Posted with the tool

Crip blues clues

Pull up with the foo's

Shank you with a shank

If i want to pick at you

Gold on my fangs

When i'm posted with the crew

Hater take my energy

Not up on my pedigree

Serving methamphetamine
Trippy like i'm ketamine
Sell it for a better fee
Ima get her wetter g
All about the cheddar cheese
Hit you with a guillotine
Hit you in the head
With a motherfucking shotty
Playing with my bread
Then i'm down to catch a body
Fucking with the feds
Get your head on a stick
She gone give me head
While i sniff another brick
New extended clip
Pull up you get hit
Plotting on a lick
Gucci on my dick
Leave a hater dead bitch
I'm pablo with the fit
Pump him full of lead
When i hit him with the blick
Pull up and i'm shooting
That's a headshot
Shut the fuck up
For i blast y'all
Ima rob him do it with no mask god
Streets they need a voice and
I'm the mascot
