

## **Adam Ford - Wet Boy Winter**

**{chorus: sanjay ballerton}**

**Wet boys 2**

**And we're coming through**

**Don't mess with the crew**

**You know what we do**

**Play with us like poker**

**You're prolly gonna lose**

**Pull up with a soaker**

**And we let it loose**

**Make it wet wet wet**

**Make it wet wet wet**

**Make it wet wet wet**

**Make it wet wet wet**

**If you threat threat threat**

**I'm like bet bet bet**

**You a rookie rookie rookie**

**I'm a vet vĐµt vet**

**{post-chorus: adam ford}**

**Make it wet wĐµt wet**

**Make it wet wet wet**

**Make it wet wet wet**

**Make it wet wet wet**

**If you threat threat threat**

**I'm like bet bet bet**

**You a rookie rookie rookie**

**I'm a vet vet vet**

**{verse 1: adam}**

**Wet boys, and we only get wetter**

**Put in the work, got a varsity letter**

**Hit me up just like a volleyball setter**

Just bought a soaker, now i'm feeling better  
Just bought a soaker, i spent all my cheddar  
In the winter, i might spray on a sledder  
In the winter, spray an opp in a sweater  
Water balloons, and we aim for the headers

{verse 2: sanjay}

Water balloons, i'm with the goons  
Spray on an opp and we took his dubloons  
Sipping a double cup, we took it too  
Thought it was wok, it's really just prunes  
Too many banners, i feel like i'm bruce  
Me and adam, we just made a truce  
But if he diss, then i'm letting it loose  
Make it rain on â€œem, feel like i'm zeus

{verse 3: adam}

If you are zeus, i'm kratos then  
Begging, he's red like tomato skin  
Surround â€œem with water, barbados them  
Enter the block, and i made it spin  
Enter the block, i tornado them  
Don't waste my time debating them  
Flow hotter than volcanoes and  
Doing more damage than vapes and them

{verse 4: sanjay}

Doing more damage than vapes  
Diss on the bandits, you cannot escape  
I'm with the heroes, we're all rocking capes  
You're with the zeroes, and circular shapes  
Always in first, and i'm winning the race  
Leaving â€œem winded, i feel like i'm mace  
I'm on tv, like i'm frankie and grace

**Aliens playing my music in space, yo**

**{verse 5: adam}**

**There's water on mars, i might do a show there**

**I'm a star, but i came outta nowhere**

**At the barge, there's people i know there**

**So i step on the boat and pay no fare**

**With the guild, and i'm breathing with no air**

**And i got all these soakers i won't share**

**Name a time i was lacking, it's so rare**

**Make â€œem run like a cheetah, it's no fair**

**{chorus: adam}**

**Wet boys 2**

**And we're coming through**

**Don't mess with the crew**

**You know what we do**

**Play with us like poker**

**You're prolly gonna lose**

**Pull up with a soaker**

**And we let it loose**

**Make it wet wet wet**

**Make it wet wet wet**

**Make it wet wet wet**

**Make it wet wet wet**

**If you threat threat threat**

**I'm like bet bet bet**

**You a rookie rookie rookie**

**I'm a vet vet vet**
