

Kuh Ledesma - A Long, Long Time Ago

We used to be one

I can remember when our hearts were very young

You said our love will be forever

But that was such a long, long time ago

A long, long time ago

But time and again

I still remember day after day

When you hold me close to you

But they are just a part of yesterday

Such a long, long time ago

Why did it ever have to be this way?

You promised me the moon, the sun, the stars above?

How come you suddenly ceased to look my way?

Tell me the truth that you are certain of

Look at me now, the girl you once loved

Look at me now, grown up but still in love with you

Although it's such a long, long time ago

Such a long, long time ago

Why did it ever have to be this way?

You promised me the moon, the sun, the stars above?

How come you suddenly ceased to look my way?

Tell me the truth that you are certain of

Look at me now, the girl you once loved

Look at me now, grown up but still in love with you

Although it's such a long, long time ago

A long, long time ago
