

RONDÃO - Bright Eyes

{intro}

**Bright eyes, look at me now, you better believe it
Oh my**

{verse 1}

**I'm so sick of this feeling
I'm bringing me down, i'm shutting me out
It's getting too easy (hmm)
I got stuck in a season
I'm done with the gray, i'm walking away
From all of my demons (hmm)**

{pre-chorus}

**Time went by, i had to learn
Life won't change if you never take a turn
I felt blind for way too long
But now i've got**

{chorus}

**Bright eyes look at me now, you better believe it
Oh my, i'm feeling so high, i'm touching the ceiling
Bright eyes, i'm finally here, i finally see that
I don't wanna live without the sun, i don't wanna live without
Bright eyes**

{verse 2}

**I felt every emotion
I was losing control, was hitting a wall
So out of focus (hmm)
I don't wanna stay broken
I gotta be free, got lightning in me**

It's taking me over (hmm)

{pre-chorus}

I felt blind for way too long

But now i've got

{chorus}

Bright eyes, look at me now, you better believe it

Oh my, i'm feeling so high, i'm touching the ceiling

Bright eyes, i'm finally here, i finally see that

I don't wanna live without these, i don't wanna live without

Bright eyes, look at me now, you better believe it

Oh my, i'm feeling so high, i'm touching the ceiling

Bright eyes, i'm finally here, i finally see that

I don't wanna live without these, i don't wanna live without

{bridge}

Yeah, i'm not mad, i did all the work

No longer sad, i'm putting me first

Out with the past, it no longer hurts

It no longer burns, it no longer works

Yeah, i'm not mad, i did all the work

No longer sad, i'm putting me first

Out with the past, it no longer hurts

It no longer burns, it no longer works

Yeah, i'm not mad, i did all the work

No longer sad, i'm putting me first

Out with the past, it no longer hurts

It no longer burns, it no longer works

{chorus}

Bright eyes, look at me now, you better believe it

Oh my, i'm feeling so high, i'm touching the ceiling

Bright eyes, i'm finally here, i finally see that

I don't wanna live without these, i don't wanna live without

Bright eyes, look at me now, you better believe it
Oh my, i'm feeling so high, i'm touching the ceiling
Bright eyes, i'm finally here, i finally see that
I don't wanna live without these, i don't wanna live without
