

Jaden - SadTrapSong

Yeah, sad trap song

We move money like Paxon, woah

Triple backflip, that's how high my stature go

We was runnin' outta options

Put a chopper on a cop, baby, wait on me

Patchwork paint is poppin'

Louis V, shit was poppin', baby

Don't wait on me

Teachers tryna tell me nonsense

But now i'm poppin' at the concert baby, just wait on me

Sad trap song, wait on me (Wait on me)

Oh, wait on me

Pretty mantis, dipped in the water like Atlantis

Pull up, frantic

I only like a big entrance, wait up

Took a few years, got my weight up

Now when they want in the club and they see me

They don't really say much, wait on me

Don't let them, don't let them sleep on me

They on me, wait on me

Baby just wait on me

Sad trap song

We move money like Paxon (Triple backflip)

Tryna be an icon like Mike Jackson

Never thought that i'd get a reaction, wait on me

Told you to wait on me, and then they gon' hate on me, oh!

Baby just wait on me, tryna tell you to wait on me

Sad trap song!

Wait on me

Sad trap song
