

Stray Kids - Disbandment

Maxident, was an accident

It tanked on the charts

On vlives we never get hearts

Bts paved the way

Bang chan embarrassed us

With his MAMA speech

If the mitochondria is the powerhouse of the cell

Then maybe I, felix, should join BTS just to outsell

Hyunjin is a bully, he has a smelly tongue

Always wearing hoodies, he's copying taehyung

There's a bully and an aussie among us

When we see bts they really stun us

We copy bts, we see them then wĐµ guess

Which song we're gonna copy today

Jimin outsold mĐµ just by smiling

Look over our shoulder

Stays hope our disbandments hiding

It's just around the corner
