

Jazelle Kim - Click Clack

{Intro}

**Tell niggas to turn it up
It's about to get real wavy up in here
Bring it back here
Uh**

{Hook}

**What's mine ain't yours
I got my shit out the door
Click Clack
I take fast
I click clack
They pour
What's mine ain't yours
I got my shit out the door
Click Clack
I take fast
I click clack
They pour
{Verse 1}**

**I hustle for mine like it's Ace out the Hood
They ain't did it like me, I'm misunderstood
I start in the morning, ain't finish til noon
Then in the night time, I just aim for the moon**

**Swear it's all action, when I'm in their faces
I be unfazed and I sing the same tune
I straighten a bitch, now they calling me braces**

These hoes - they bite, but they could never chew

These hoes pick fights, but I'm not mad at you

These hoes incite, but they just, pick and choose

Funny how I just be watching this shit

Man, I love it, this my favourite view

Favourite view? I could name a few

From off the top, I just side with my niggas

They follow behind, I just lead all these niggas

They asking for more, I just feed all these niggas and serve

{Pre-Chorus}

Tick tick tick

I'm on that, tick tick tick

No time for that, quick quick quick

You hear that, click click click

Uh

Tick tick tick

No time for that, quick quick quick

I take it fast, You never see it

That is the trick trick trick

Ha!

{Chorus}

What's mine ain't yours

I got my shit out the door

Click clack

I take fast

I click clack

They pour

**What's mine ain't yours
I got my shit out the door
Click clack
I take fast
I click clack
They pour**

**Yeah yeah
What's mine ain't yours
Yeah yeah
What's mine ain't yours
Yeah yeah
What's mine ain't yours
Click clack
I take fast
I click clack
They pour**
