

Hxikai - Fast car

{Intro}

Close my eyes look at the stars

For you, for you

Close my eyes look at the stars

Oh you, oh you

Walking round the city do I know you?

See me in the trees you know I'm for u for u

Walking round the store

Baby we are more

{Verse}

Going so damn fast on the highway

Stone bride Ishigaki yeah the highway

Nightangels flying up in the sky

Baby I don't wanna see you tonight

{Outro}

Standing in the street like a deer with headlights

Fast car you won't see me in the hindsight

Fast car you won't see me in the hindsight
