1oneam - â€Žtraits

{Chorus}

Aye, he want smoke? He get let down

Dumb gas, straight out the pound

Big dog, straight out the pound

Aye, you get fired up, sprayed down (Yeah)

Just hit a jugg, put in a Sprayground (Yeah)

Wa-Want some smoke? Hold up, how that K sound? (Uh)

To-To-Told that hoe, "Lil' bitch, I don't play around" (Uh)

Give me brain, hoe, I want face now (Yuh)

That bitch, she fuck with Zen, she love my traits now (Uh)

{Post-Chorus}

You get chased down

This fire, it got tracer rounds

I-I-I don't chase around

Lil' bitch want my paper now

Yo-You can't save her now

To-Took yo' hoe, can't save her now

Lil' Zen, I'm God favorite child

Break her back, I made her smile

{Verse}

I-I get cheese hoe

Bi-Bitch gon' fuck with me, hoe

She hit the C-note

Gettin' blows, Lilo

Who the fuck do he know?

Zen, bitch, I'm a cheat, code

Seen the racks, she fiend, hoe

In a cat, I'm Nemo

{Chorus}

Aye, he want smoke? He get let down

Dumb gas, straight out the pound

Big dog, straight out the pound

Aye, you get fired up, sprayed down (Yeah)

Just hit a jugg, put in a Sprayground (Yeah)

Wa-Want some smoke? Hold up, how that K sound? (Uh)

To-To-Told that hoe, "Lil' bitch, I don't play around" (Uh)
