**I'm the mfkn realest**

Appealing to any crowd in and anywhere around my town  
Goal is to win and i gets down  
Gotcha thinking of when, gotcha wondering how  
Cuz the g.o.d. in my flow is wow

I won't drown. i won't quit  
I just clown when i spit  
Whole lotta nouns and adjectives  
They're mad at him, looking at his gifts  
Before this meting is adjourned, dismissed  
You just sit and try to learn a bit  
I'ma fire burning, furnace lit  
Call me sire, your highness

This guy is that malcolm and luther  
Mcfly, headed back to the future  
Better get him, he's deadly like tumor  
Heavy hitter, nickname's ali jr  
Bloomer!!

Bet i'm gone bust  
Like a fat cop sitting at a dunkin donuts  
Hear me now and they're saying that omega's gone nuts  
So what!  
At least i finally showed up  
Sho nuff!

I'm omega  
O-o-o-m-e-g-a
