

CAIRO! - WHAT I BEEN ON!

{Chorus: CAIRO!}

Fuckin' with your bitch

I bet these bands a make her dance

I don't partake with you niggas

I don't wanna be your friend

Catch me ridin' and that chevy

Bumpin three-six or some X

That's what I've been on

I've been on

Yeah

You know all about it

You see the numbers

They don't lie

And bitch they go retarded

You know these rappers

Actin' tough but they ain't

Really 'bout it

But still I'm out here bein' savage

That's what I've been on

I've been on

Yeah

{Verse: LOAT!}

Damn

I might fuck yo bitch

Just 'cause I can

Feelin' on my body

Said I really like your pants

Make her dance

Make her suck this dick

With no hands

In the cemetery
Do you remember
What you told me in the cemetery?
I was down to die with you
I'm driving vision blurry
Too fucked up
To oppositions let my 40 hit
A gut bust
I grab his shordy
And she suck me
Til my nut bust
Until my enemies end
Two-two-three on me
I keep the ammo
In my belt loop
How the fuck you hating
I'm a kid sit down foo
I'm a devils advocate
These pussies don't know
How I move
Shoutout all my brothers
Everybody lookin' down to
Seven-five-seven
Eighty-one-three
Nine-o-four
Rest in peace
I'ma die a legend
'Cause these drugs give me peace
You gone die a pussy
'Cause yo blood gettin' leaked
You not in the streets
Your ride or die a thotty
She fuck for the free

But I love me a freak
It ain't nothin' to me
Got my name tatted
On her tongue
She a freak
That's what I be on
But what you be on?
Heard he talk nice
I got a Uzi tucked
That's what I be on
He a broke boy
He ain't got no jewelry on
(Hook CAIRO!)

{Chorus: CAIRO!}
Fuckin' with your bitch
I bet these bands a make her dance
I don't partake with you niggas
I don't wanna be your friend
Catch me ridin' and that chevy
Bumpin three-six or some X
That's what I've been on
I've been on
Yeah

You know all about it
You see the numbers
They don't lie
And bitch they go retarded
You know these rappers
Actin' tough but they ain't
Really 'bout it
But still I'm out here bein' savage

That's what I've been on

I've been on

Yeah
