

CAIRO! - Melancholia

**Makin' amends for my previous mistakes
You know I hate that it turned out this way
But you never seem to mind
Actin' like we're fine**

**Stopped slowing down on the bends
Might just go away and hide in LA again
Bu- But you know me I'm cautious
Cause they can pretend with me
I see how you act when you 'round different company
So I been kissin' bitches
Disregarding my health yeah
Spending all this money
'Cause sometimes it does help me
If only I was lucky I'd get what I wanted
Lookin' in the mirror but don't know where I've gone
It's (too)**

**Too one sided
Got me gone and melancholic
And it's leading back to her to her
It's killing me to know you're not in love
In love
Been in love
Been in love
Been in love**

**(Love)
When I woke up you were gone
You were gone
When I woke up you were (Love)**

Gone

So I been kissin' bitches

Disregarding my health yeah

Spending all this money

'Cause sometimes it does help me

If only I was lucky I'd get what I wanted
