(Intro)

(Pre Chorus)

From the 104

We survey the other side of the sea

And turned them corpse

Bro with the stick got the flick of

The wrist like

Beast Titan when he flings these

Rocks

I told my recruits

Shinzou sasageyo salute

Dedicate your heart when we ride

On opps

Retaliate for our troops

(Chorus)

The Marleyan racists called us

Devils

The rumbling gonna show them

What hell is

Civilians killed millions

I'm militant for citizens of Paradis

They hate my guts, I'm too

Rebellious

Floch the government, I'm a

Yeagerist

I could've died a hero

But this cold world turned me

Villainous

(Verse 1)

**(I'm an Ackerman) I'm an
Ackerman, how I pack a man
Natural killer with fair
Even when I'm outnumbered it still
Isn't fair
I'm like Levi with manoeuvring gear
They told him beware
He who don't hear must feel
So I left his nape severe
I put fear back in titan shifters
Bully subjects of Ymir**

(Verse 2)

**Armouring up won't save you
Reiner got hit with that thunder
Spear
I don't care Annie's got boobies
She got hit with that thunder spear
Fuck a traitor, Bertholdt got chewed
Chewed like Jeffrey Dahmer
If you touch one of mine like
Mikasa
I'm airing you out, don't take it
There**

(Chorus)

**The Marleyan racists called us
Devils
The rumbling gonna show them
What hell is
Civilians killed millions
I'm militant for citizens of Paradis**

**They hate my guts, I'm too
Rebellious
Floch the government, I'm a
Yeagerist**

**I could've died a hero
But this cold world turned me
Villainous**

(Verse 3)

**Buss my gun, Gabi Braun
Heads gets spun, merry go round
They patched Wall Rose when we
Left holes**

**But they couldn't patch up Sasha
Blouse**

**Hit man in the back of the neck
Woulda thought he's Pieck, the
Way he crawled on the ground
Like Marco did him so foul
Traumatized them like Yelena's
Frown**

**Mid power up, I swung my right
Hand**

**Violated the Warhammer titan
When it's war no fair fighting
With spinal fluid, their wine I'm
Spiking**

**Like Zeke if I scream, who's my
Man?**

**The whole gang start materialising
It's beef so they are cannibalising
Slice the nape, hit him where his
Mind is**

(Chorus)

**The Marleyan racists called us
Devils
The rumbling gonna show them
What hell is
Civilians killed millions
I'm militant for citizens of Paradis
They hate my guts, I'm too
Rebellious
Floch the government, I'm a
Yeagerist
I could've died a hero
But this cold world turned me
Villainous**

(Pre Chorus)

(Verse 4)

**(Nothing you) Nothing you can do
(can do)
Footsteps of doom**

**When I coordinate my titans
My subordinates shaking the room
Stomping on youths (youths)
Like the crown did Udo (Udo)
Better be on alert like Armin
(Losses will be colossal) Losses will
Be colossal when it goes boom**

(Chorus)

**The Marleyan racists called us
Devils
The rumbling gonna show them
What hell is
Civilians killed millions
I'm militant for citizens of Paradis

Rebellious

(Outro)

**I make Grisha smoke them kids
Rest in piss, to brainwashed Eldians
What happened in Liberio was
Tragic
Shiganshina was the catalyst
(Shiganshina was the catalyst**
