

## **Foxfredito - Walk**

**They all wanna walk like me  
Talk like me  
They hate the fact that I do not care  
Living life like to the full  
I only got one  
Ain't gonna let toxic bitches  
Fake niggas bring me to the ground  
Hate gotta be there  
That's how you know  
You are doing something right  
Gotta put you on game  
You got the money  
You got the drip  
Ain't gotta matter to that nigga on the screen  
Still getting paid  
Fucking girls at the parties  
Get your fam a new crib  
C'est la vie**

**Yeah that's life  
Niggas always doubt  
Till that money come  
Talk about we been hØpøre since day 1  
Shawtys gonna run  
If the monØpy drop  
Trynna get a shot of that life just wow  
Party hard trynna get a cruise around town  
Dripping ice from my neck down to my wrists  
VIP treatment from events to the clubs  
Life haters wanna brag cause  
They all wanna walk like me**
