

John Carcer - RAINBOWS

Angel

Spread you like an angel

Let those wings reach high

As your running out of life

It's time to drain you out

Skin your face and head

Crack it open what's inside

All I see is rainbows

My hands are covered in blood

My feet are sunk in the mud

How can I get out of here

I'm stuck inside his mind

A victim of his game

I don't want to please you

But I'll have to live one more day
