Find your fucking father

That's what

And be fucking normal for once in your goddamn life

This is why nobody fucking likes you

Bruh

If you were in the car,I gave you the aux and you played BTS

I would drive that car off the cliff

And jump out as it hits the landing
Cause you most likely would be dead by the time it lands
Your music taste is so atrocious that Apple Music had to get rid of your whole library
Talking about the Durk album being mid
At least he makes better music than your bitch ass
Bro your music taste is so bad that Spotify didn't even make a mix for you
It didn't liked what you were doing so they tried to delete your account
Bro your music taste is so garbage that YouTube Music had to remove 10 of your playlists
Bruh stop playing with me
Your music taste is so manure that when you post a music take to Twitter
It automatically gets taken down
Bruh you're so ugly that when you tried to do a face scan
Your phone sent out a nuclear threat
Bruh your fingers are so nasty that when you tried to do a fingerprint scan
your phone self exploded
Bruh your name is so weird that the Starbucks employee probably gives up when trying to put it on the cup
Bruh your forehead is so big that I can fit 3 busses in there
Bruh don't make me find out where the fuck you live
And fuck Joe too
He tried to call me out for snitching
But his name is fucking Joe so he has no room to be speaking
And he was gonna drop a trash ass diss track
But I'm gonna scare him into cancelling it
They call you almighty chin cause that shit's bigger than your shrimp dick
Bruh stop playing with me
You're such a Ryth dickrider
That you might as well be sucking the shit now
With the white on your face
As you lick your lips and say
â€œOh yeah,that shit was tastyâ€•

That shit wasn't milk

You know what?

Shut the fuck up

Both of you

I should take your Internet privileges away

And both of you are racist

I have no sympathy
