

kronke - the bridge

{pre-chorus}

**Over water, there's a bridge, and i can't seem to get to you
The fear of a loss, what i always succumb to
The way, that i feel, i can't capture it all
Like the waves that i sink in, when you tell me that i'm not**

{chorus}

**Enough, shut up, cause i'd kill myself for you
Walk, in the dark, can't find my way to you
Gone, gave it all, and it's all my fault
That i chose to keep holdin' on to the love you threw away
But i'd stay, just to see you make it
I'm stuck in my ways, oh, you know i'm not fakin'
You thought i was simple so you got complicated
Don't you get complicated, that's the reason that we separate**

{verse}

**The water rising faster, now before and after
Climbin' up the ladder, screamin' at me louder
To let it go, let it go, let it go, let it go, let it go, let it go, ah-oh
To let it go, let it go, let it go, let it go, let it go, let it go, ah-oh**

{pre-chorus}

**Over water, there's a bridge, and i can't seem to get to you
The fear of a loss, what i always succumb to
The way, that i feel, i can't capture it all
Like the waves that i sink in, when you tell me that i'm not**

{chorus}

**Enough, shut up, cause i'd kill myself for you
War, in the dark, i can't find my way to you
Gone, gave it all, and it's all my fault**

**That i chose to keep holdin' to the love you threw away
But i'd stay, just to see you make it
I'm stuck in my ways, oh, you know i'm not fakin'
You thought i was simple so you got complicated
Don't you get complicated, that's the reason that we separate**
