

## **Staggy - Am i on my own again?**

**{chorus}**

**Am i on my own again?**

**Should i cancel on all my friends again**

**Cause this time you said it's personal**

**I'll do what it takes for you out my head**

**Am i on my own again?**

**I, thought you wasn't leaving thats what you said**

**Ain't leavin' this house unless i leave dead**

**Ain't leavin' this couch, ain't leavin' this bed**

**Threw me in this water now i'm gon' tread**

**You leave me with this existential ass dread**

**Just wanna know**

**{verse}**

**Am i on my own again or nah**

**Will you make room to spend some time tomorrow**

**Will you get in if i'm gon' drive your car**

**And if i promise i won't go too far**

**Too far, too far, is it too far gone?**

**New start, new start, we can't lose our bond**

**You start, you start, i don't want no drama**

**Can't believe i let you meet my momma**

**You still gon' kick up this old sawdust**

**Nah, i ain't gon' turn out like my old father**

**My chopper bang at you it go rada**

**You running back for fenty and prada**

**Can't let you in cause that would be improper**

**Laughed to the bank and i'm screaming haha**

**{chorus}**

**Am i on- on- on- on- my- my- my- own**

**Am i on my own again?**

Should i cancel on all my friends again  
Cause this time you said it's personal  
I'll do what it takes for you out my head  
Am i on my own again?  
I, thought you wasn't leaving thats what you said  
Ain't leavin' this house unless i leave dead  
Ain't leavin' this couch, ain't leavin' this bed  
Threw me in this water now i'm gon' tread  
You leave me with this existential ass dread  
Just wanna know

{outro}

Am i on my own again?  
Should i cancel on all my friends again  
Cause this time you said it's personal  
I'll do what it takes for you out my head  
Am i on my own again?  
Just wanna know  
Just wanna know  
Am i on my own again?
