

Silas Simmons - Biblical Renaissance

Intro {Silas Simmons} Christocentric, A Note to Believers, this is biblical renaissance, The term renaissance should mean more than just a period of time back in the 15th and 16th centuries, every believer is called to a renaissance, we're gonna discuss exactly what that means today. Yeah, Let's get into it, look

Chorus {Silas Simmons} Biblical renaissance the lyrics that, I'm typing, Lord help us to conform to your will in our writing, the one who made us let me ask why are you fighting him? Did you not know that exclusively you have life in him? Nah, I'm not talking merely life of this world only, but one who gives life forever, eternal, never lonely. He promised us as long as we're in him we'll never die, those words will never pass away, Matthew 24:35, the Word personified with healing in his rays, he's the gracious God worthy of all our praise, we will return to dust but no worries he'll raise, all of his people up from that evil place, let's get it!

Verse 1 {Silas Simmons} Let's look directly at the meaning of renaissance, particularly in scripture, man can't wait for your response. I'm shifting my focus to a dry dead deep earth, John 3:3 our topic is described as "REBIRTH". Born again to Nic at night Christ spoke this maxim, this truth, only by water and the spirit alone you'll fathom, in the midst of all of this let's look to the last Adam, who formed your body from nothing compounded us humans of atoms

**Verse 2 {Silas Simmons} Yo we see that renaissance means rebirth, all those
who trust in Christ are born again by his deep work. It's why we have our
hope and why we see God splendid, it's only by Jesus that we can comprehend
him. Listen, cuz we were walking dead, spiritually was lifeless, our maker
had evaded our thoughts, so we were Christless, but he has given an offeri
ng that is priceless, our second birth is for eternity it is timeless. My m
ind sits not in blindness, but my rhyme spits, of one that we cannot compar
e to, cause he is viceless. It's from an all powerful source that I have li
fe in, we're born again never to die placed on the right hand**
