

BitFinity - Tadpole Treble Encore Trailer Song

{Intro: Matthew Taranto}

**Why waste time doing things that are lame
When you could be playing our game?**

{Verse 1: Matthew Taranto & Etude the Frog}

**Adventure awaits on a musical score
With mamas, piranhas and chompers and more
Go 8-bit, be moonlit, or swing by the store
It's all in Tadpole Treble Encore! (For Nintendo Switch!)**

{Verse 2: Matthew Taranto & Etude the Frog}

**Make stages for ages. The fun never ends
Create songs all night long and throw some foes in
Play through 'em, bamboo 'em, then play 'em some more
It's all in Tadpole Treble Encore! (All right!)**

{Refrain: Matthew Taranto (spoken)}

That's right! The critically-acclaimed musical adventure is swimming to Nintendo Switch, and it's coming with new unlockables, portable play and a brand new stage! Looks even better than before. SUPER HIGH DEFINITION!

{Outro: Matthew Taranto}

**There's songs full of singing and lyrics to match
And creatures who happen to think you're a catch
Play stages, compete or create 'em from scratch
If you want something quirky and new (It's true!)
Then Tadpole Treble Encore's for you! (Badobidy boo!)**
