Bing Crosby - I Apologize

Intro:

I'm sorry, so sorry

What more can I say

Never knew how much you meant to me

'til I went away

It's my fault

All my fault

That we're apart

I'd give anything if I could be

Back with you, Sweetheart

If I told a lie

If I made you cry

When I said, "Goodbye"

I'm sorry

From the bottom of my heart dear

I apologize

If I caused you pain

I know that I'm to blame

I must have been insane

Believe me

From the bottom of my heart dear

I apologize

I realize I've been unfair to you

Please let me make amends

Don't say that you forgot the love we knew

After all, we were more than friends

If I made you blue

I've had heartaches too

Now I beg of you

Forgive me

From the bottom of my heart dear

I apologize

Orchestra tutti

If I made you blue

I've had heartaches too

Now I beg of you

Forgive me

From the bottom of my heart, dear

I apologize
