

Gravebirth - The Misery Incarnate

**I am the incarnate of misery
I feel I've lost it all, like I'm not human after all
After all
See the world through my eyes
It's a wonder why I haven't already died**

**Plus one to the mortality rate
I'll submit to perpetual sleep
The space between my ears
Is a bad fucking neighborhood
Welcome to the gates of the Moribund
This is depravity**

**Let me take you through a dark fucking dream
A nightmare of life through torment
And everlasting illness of body and mind
This world is not for the faint of heart
It's only a matter of time before I finally get to
Leave this earth**

**I am the incarnate of misery
The product of agony, the son of self-hatred
I am death personified**

**Four lonely walls within seven severed lobes
A mind that's a mess, and a body worse for wear
Melancholic, yet complacent in this state
It's hard to find solace in a beating heart**
