

## **YT - Where They At?**

**{Intro}**

**(Ayo J6, turn it up)**

**Tola, you make this music and now all these boys think they can rap too, and they can't**

**{Chorus}**

**Oh you've got guns? Well where they at?**

**Oh you get girls? Well where they at?**

**Oh you've got chains? Well where they at?**

**Oh you've got cars? Well where they at?**

**You talk about it in your raps**

**But you can't show us, cause it's cap**

**How'd you get up in that booth**

**When you don't really live like that?**

**{Verse}**

**I heard you rapping bout a penthouse**

**Why'd you lie I've seen your flat?**

**Like how you're rapping about a condo**

**When you share a bunk with rats?**

**Like how'd you say a bunch of bollocks**

**And then go export the track?**

**Like if i said it on a song**

**Then they can vouch that it was facts**

**Like if I said it on a song**

**They they can vouch that it really happened**

**Like I was really out in Lagos**

**In the back of that G Wagon**

**Really had them girls in Canada**

**All tweaking for my accent**

**I'll really charge em 500 for the feat**

Oh yeah I'm taxing  
Cause I can't get behind that capping  
Get behind that capping  
Nah I can't get behind that capping  
Like why you even rapping?  
Nah I can't get behind that capping  
Get behind that capping  
Nah I can't get behind that capping  
Like why you even rapping?

{Chorus}

Oh you've got guns? Well where they at?  
Oh you get girls? Well where they at?  
Oh you've got chains? Well where they at?  
Oh you've got cars? Well where they at?  
You talk about it in your raps  
But you can't show us, cause it's cap  
How'd you get up in that booth  
When you don't really live like that?

{Bridge}

Like where they at? (At, at)  
Oh so it's cap (Cap, cap)  
You ain't got straps (Straps, straps)  
You don't live your raps (Raps, raps)  
Like where they at? (At, at)  
Oh so its cap (Cap, cap)  
You ain't got straps (Straps, straps)  
You don't live your raps (Raps, raps)

{Chorus}

Oh you've got guns? Well where they at?  
Oh you get girls? Well where they at?  
Oh you've got chains? Well where they at?

**Oh you've got cars? Well where they at?**

**You talk about it in your raps**

**But you can't show us, cause it's cap**

**How'd you get up in that booth**

**When you don't really live like that?**

**{Outro}**

**I heard you rapping bout a penthouse**

**Why'd you lie I've seen your flat?**

**I heard you rapping bout some thousands**

**I ain't ever seen the cash**

**I heard you rapping bout some thousands**

**But you've never show a rack**
