

YT - Pocket Full of Money Got my Trousers Falling Down

{Intro}

I wanna be like YT when I grow up

{Chorus}

Pocket full of money got my trousers falling down

Call up shawty let her know I'm coming to her town

Rich girl we just go to Harrods walk around

I'm the n*a everybody talking about (Oi, oi)**

So much money got my trousers falling down

She don't love me she just want me for the clout

She said "I heard you're dropping music is it out?"

Told lil shawty that it's only on the cloud

{Verse}

Gap hoodie like I'm gay and I'm proud

Whenever I'm on the stage, everybody screaming loud

And I just saw your girl in the crowd

Gimme a sec, get my bread, then get out

Fine girl and I'm paying for her round

White girl {?}

I'm sending music and she's liking how it sounds

And my Oxford girl a scholar, yeah she really rock a gown

Spent too many dollars, all that changing from pounds

I got a gyal, she got a friend, she said she down

Playing Fortnite, she want me to win with the crown

Got my G {?} hoodie and I miss it, it was brown

I got a gyal, she got a friend, she said she down

I got a gyal, she got a friend, she said she down

Playing Fortnite, she want me to win with the crown

Got my G {?} hoodie and I miss it, it was brown

{Refrain}

Pocket full of money got my trousers falling down

Pocket full of money got my trousers falling down

Pocket full of money got my trousers falling down

{Chorus}

Pocket full of money got my trousers falling down (Oi, oi, oi)

So much money got my trousers falling down

Call up shawty let her know I'm coming to her town

Rich girl we just go to Harrods walk aroundâ€™ I'm the n*a everybody talking about**
