

Paula DeAnda - With You

{Intro}

Tell me what I gotta do

Yeah, yeah

{Chorus}

Who would've thought that I'd

Be with you (Be with you)

I've done all things that

We've been through (We've been through)

And every second is

Special (So special)

I just like sharing my

Love with you (You)

{Verse 1}

Every time that I sense I feel alone

{?}

{Pre-Chorus}

And before I'ma let you know that I'ma never gonna

Let you go (You go, you go)

And before I'ma show you a spot, I'ma show you how to

Say goodbye (Buh-bye, buh-bye)

{Chorus}

Who would've thought that I'd

Be with you (Be with you)

I've done all things that

We've been through (We've been through)

And every second is

Special (So special)

I just like sharing my

Love with you (You)

{Verse 2}

Can't believe it was meant to be

My sweet form of reality

I'm faithful and so true to you

(Faithful and so true to you)
