

YT - Season

{intro}

Oh my god, toren, i love you

Cry

{chorus}

I wanna see you, girl, i'm waiting for a reason

I'm tryna enjoy the party but i'm sat here in my feelings

I thought this was love now i don't know what to believe in

Thought you were the one but it was only for a season

I wanna see you, girl, i'm waiting for a reason

I'm tryna enjoy the party but i'm sat here in my feelings

I thought this was love now i don't know what to believe in

Thought you were the one but it was only for a season

{verse}

Thought you were the one but it was only temporary

I've been through some warm summers and some cold februarys

It was my first love i don't know if i was ready

I'm tryna keep it pushing, girl, i'm tryna keep it steady

I'm tryna keep it pushing, girl, i'm tryna keep it moving

Arsenal invincibles, girl, i don't know about losing

Uber through south london in the summer we were cruising

I made a mistake i didn' think about what i was choosing

And maybe it was my fault

Baby, i was sold i thought we were gon' grow old

I know we were just kids but i don't wanna be adults

And i'm with some other girl but you're the wanna hold

Baby girl, i'll cut em off

I know that things are rough but sometimes this life is tough

Girl, i gave you my all still ain't gave you enough

I don't know if it was love but it definately wasn't lust

{chorus}

**I wanna see you, girl, i'm waiting for a reason
I'm tryna enjoy the party but i'm sat here in my feelings
I thought this was love now i don't know what to believe in
Thought you were the one but it was only for a season
I wanna see you, girl, i'm waiting for a reason
I'm tryna enjoy the party but i'm sat here in my feelings
I thought this was love now i don't know what to believe in
Thought you were the one but it was only for a season**

{outro}

**Baby, it was only for a season
Baby, it was only for a season
Girl, you broke my heart now its bleeding
Now my heart is cold yeah its freezing
I guess it was only for the summer
I guess it was only for the summer
I guess it was only for the summer
I guess it was only for the summer**
