

YT - Take Things Slow

{intro}

**Do you remember what you said the other night
I might put you in some... cos i hate it when you lie
Girl, i know you're scared but, baby, what's the harm in trying?
I know other guys have hurt you but i ain't those other guys**

(hxney)

Tola, you make this music and now all these boys think they can rap too, and they can't

{chorus}

**Do you remember what you said the other night
I might put you in some... cos i hate it when you lie
Girl, i know you're scared but, baby, what's the harm in trying?
I know other guys have hurt you but i ain't those other guys
Girl, do you remember what you told me last night
I know your last guy cheated but i ain't that last guy
I know you've got trust issues, baby, i won't ask why
I know you wanna take it slow but baby i'm a fast guy**

{verse}

**Yeah, you wanna take things slow
But, girl, i can't wait, yeah, i'm gon' go
Yeah, i've got options hope you know
So, you've gotta tell me why i should wait
London girl, yeah, she's too bait
I'm in too deep, too much on my plate
Girl, i can't love you i love fate
Girl, i can't, ha
Girl, i can't love you i love fate
If i gave her a birkin it's fake
We could've been together but you showed up too late**

Baby, i'll show you a place

We can hang out in the garden

Baby, i know that you're guarding

Just let that guard down

{bridge}

You've got to let me or this ting gon' dissolve

Girl, if i hold you down swear you gon' fold

Your friends told you i'm a player, don't believe what you're told

Sparkles in your eyes but all that glistens sure ain't gold

{chorus}

Do you remember what you said the other night

I might put you in some... cos i hate it when you lie

(put you in some trues)

Girl, i know you're scared but, baby, what's the harm in trying?

I know other guys have hurt you but i ain't those other guys

Girl, do you remember what you told me last night

I know your last guy cheated but i ain't that last guy

I know you've got trust issues, baby, i won't ask why

And, yeah, you wanna take things slow but baby i'm a fast guy

{post-chorus}

And you said a couple things the other night

I know you're hurt but i ain't those other guys

I know you're hurt but i ain't those other guys

I know you're hurt but i ain't those other guys

{outro}

Girl, i swear i ain't those other guys

Girl, i swear i ain't those other guys

Girl, i swear i hate those other guys

Don't compare me to none of these guys
