

## **YT - Wait & See**

**{chorus}**

**Look, if iâ€™ve told you that i love you**

**Then why'd you even care about the other girls iâ€™ve seen?**

**(like why's it matter?)**

**Baby, if i didn't love you would i look you in your eyes**

**And tell you youâ€™re the one for me? (i wouldnâ€™t lie)**

**Look, i've told you that i trust you what am i supposed to do**

**If you still say you donâ€™t trust me? (it wasn't my fault)**

**Dunno if itâ€™s gonna last, dunno who's gonna break whoâ€™s heart**

**Guess we'll have to wait and see**

**{verse}**

**Listen, i know what i did was nuts**

**I know there ain't no ifs or buts**

**And i know i wrecked our trust**

**But i dunno why youâ€™d focus on the bad**

**When you could focus on like every other moment that weâ€™ve shared**

**To leave that out would be unfair**

**Look, i'm admitting that i done messed up**

**Like we all do**

**And i was too yakked up when i called you**

**So i didnâ€™t really speak my mind**

**And i didn't really take the time**

**To hear you out**

**And youâ€™re for real one of a kind**

**So, baby let me take you out and make it up to you**

**What's it gonna take to win you back?**

**I wish i could wheel up time**

**I wish i could spin this back**

**And i know it mustâ€™ve hurt**

**You think i stabbed you in the back**

What you seem to think it was i promise you it wasn't that  
I swear to you that everything we have means way more to me  
We can build the trust back bit by bit  
Girl you ain't gotta give your all to me  
You're the ceiling and i swear that she's the floor to me  
You think i'm playing you're my queen  
I swear you're way more than a pawn to me  
{bridge}

Look i know i messed up  
It couldn't have come at worse timing  
If you say i ain't the one then who's the one?  
How're you gon' find him?  
Cloudy skies i'm waiting for the silver lining  
Could be with me or without me  
I just wanna see you shining  
Look i know i messed up  
It couldn't have come at worse timing  
If you say i ain't the one then who's the one?  
How're you gon' find him?  
Cloudy skies i'm waiting for the silver lining  
Could be with me or without me  
I just wanna see you shining

{chorus}

Look, if i've told you that i love you  
Then why'd you even care about the other girls i've seen?  
(it shouldn't matter)  
Baby, if i didn't love you would i look you in your eyes  
And tell you you're the one for me? (nah i wouldn't)  
Look, i've told you that i trust you what am i supposed to do  
If you still say you don't trust me? (wasn't my fault)  
Dunno if it's gonna last, dunno who's gonna break who's heart  
Guess we'll have to wait and see
