Elliott Fullam - You Are Worthless

I have a fear of death

Mainly just for you

I wanna go real far

I tell you it's the truth and

I can't help it

To hear these words

And I can't help it

To hear these words

You are worthless

You are worthless

You are worthless

You are worthless

Hmmm

I wanna take a walk

A walk just with you

I wanna go real far

I tell you it's the truth and

I can't help it

To hear these words

And I can't help it

To hear these words

You are worthless

You are worthless
