

Staggy - Anger issues

{intro}

I got a demon in my head it's on a different plane
I don't know when it's gon' come out so you best get away
I know you safe with me but that's not what i'm tryna say
I just don't want you to see me because it's messed up
I'm tryna atone for my sins and now i just fessed up
It doesn't help when i'm drinking and poppin' teslas
I think i'll stay home tonight cause its for the best love
I just don't want you to see me-

{chorus}

When i get plastered
When i get mad i'm a whole different person after
And i can't hide it lil' baby i'm not an actor
Girl if i'm dying i'm flyin' up with the raptors
Here comes the rapture
When i get plastered
When i get mad i'm a whole different person after
And i can't hide it lil' baby i'm not an actor
Girl if i'm dying i'm flyin' up with the raptors
Here comes the rapture

{verse}

Leave a hole in the wall i don't want all your pity
Sold out a show and i came to your city
Right wrist on glow my left bop you like diddy
She sing my melody, he- hello kitty
Bitch i don't wanna talk about it i'll be okay
Might be lyin' i'll be fine i'm off the propane
Sniffin' white how i'm thinkin' bout you sniffin' cocaine
I'm a die-hard for your love but i feel like cobain

I don't know if i could take it any longer
Is it me or is this perky gettin' stronger
When i'm trapped up in my mind i tend to wander
Every time i think about my life it turns into a ponder
Should i be here or should i not
Or will you leave if i don't hit the top
I'm beggin' please because you're all i got
I won't find someone like you ever again

{chorus}

When i get plastered
I get mad i'm a whole different person after
I been told you that i ain't no dirt bastard
But i've been facing my problems and taking acid
(at least try to face your death with some honor)
I'm tryna atone for my sins and now i just fessed up
It doesn't help when i'm drinking and poppin' teslas
I think i'll stay home tonight cause its for the best love
I just don't want you to see me-

When i get plastered

When i get mad i'm a whole different person after
And i can't hide it lil' baby i'm not an actor
Girl if i'm dying i'm flyin' up with the raptors
Here comes the rapture, yeah
(and don't dream of resurrecting again)
