

Staggy - Xxxanax

{intro}

**You keep me company but i'm still alone
It's only me and you, got nowhere to go
Our story never-ending, but it's untold
Signed a deal with the x pills to take my-
(oh, oh, oh, oh)**

{verse 1}

**I've been running with no shoes my socks are redder than boston
14 at a party, took a pill, then i bought 6
Replay it every day, i'm exhausted
I'm stuck up in my ways, i've lost it
Now can you tell me something that i don't know?
I'm sweating in my bed, but it's still so cold
I keep saying i won't do it, but i still go
Signed a deal with the x pills to take my soul**

{chorus}

**Why you take my bros?
You don't know a damn thing about me and it shows
Crushing up a couple of things up in my nose
Facing half the bottle, i wobble on my toes
My mama off the x when she had me, that's mitosis
When i'm in the city, i walk with some slime-noses
My new bitch so pretty, you jealous that i goes in
I heard your new song, it just started and i'm dozing**

{verse 2}

**I've been running for so long i need a sponsor form crossfit
I've been saying this for years, i drew the line, but you crossed it
And i just need my space, i'm exhausted
I've been looking for days, but you tossed it**

**You keep me company but i'm still alone
It's only me and you, got nowhere to go
Our story never-ending, but it's untold
Signed a deal with the x pills to take my soul**

{chorus}

Why you take my bros?

**You don't know a damn thing about me and it shows
Crushing up a couple of things up in my nose
Facing half the bottle, i wobble on my toes
My mama off the x when she had me, that's mitosis
When i'm in the city, i walk with some slime-noses
My new bitch so pretty, you jealous that i goes in
