

Quando Rondo - Deep

{intro}

Ay lil shawty i'm in miami right now
Mumbling... ...on my mental, ya dig?
Life with you
Qrn, yeah, ay

{hook: quando rondo}

And i just wanna live my life with you, yeah
And i just wanna ride wrong or right with you, yeah
And i just wanna rock this ice with you, bae
And i just wanna fly on flights with you, yeah

{verse 1}

I'm in miami right now, same place i'ma spend my christmas
You on my mind and mental, bae, i just wanna kiss you
Think 'bout you so much, i can't keep this shit here confidential
Sing 'bout you so much, i had to put on this instrumental
I love you way more than the streets but we be steppin', bae
All-pink diamond the new vv's, 10:27 chain
Everytime i leave from out the house, she say "ce careful, bae"
She know the chances for me slim, that's why i took this 'k
It's always us and never them, here's your new cartier
I feel like i know you for years, but only thirty days
I tried to pass it to lul timm, then gave her 30k
I catch you in the house with him, then it's a burglary
They play with you, they play with me, then it's a murder scene
Both of her shoulders, i'ma lean on, no promethazine
She got them new versace sneaks on, 'cause that's my lil' lady
Whenever we are on, your friends i don't cooperate
Just me and her inside my mansion poppin' chardonnay
The breakfast club, i might just take her to meet charlamagne

From head to toe, she know i like to drip in mike amiri
I'm blowin' that kush, and double cups, i'm out my body, bae
I roll with hood, to pick his daughter up, i'm on the way
'member 'bout that time, they told your mama, "that's your daughter man"
Glock-21, we empty out, like i'm with slaughter gang
I feel like shawty be the one, i'll have a daughter with
{hook: quando rondo}
And i just wanna live my life with you, yeah
And i just wanna ride wrong or right with you, yeah
And i just wanna rock this ice with you, bae
And i just wanna fly on flights with you, yeah

{interlude}

Ay shawty?

Lil shawty?

Lil shawty?

Jakaiyah?

Man you what tryin' man?

You don't want a nigga calling your name?

Jakaiyah answerin'

Ay lil shawty?

Jakaiyah: "what?"

You want me to put this dick in your ass when i get back?

{verse 2}

Can't keep my dick inside my pants, bae, that's my only problem

'bout you, bae, i'ma shake a nigga like we out in harlem

That jog, that jump out gang, ain't nothin' but some shottas

She ask me, "bae, how you a crip and eatin' red lobster?"

Put on them new red-bottom heels, but don't you put your drawers up

Baby, you worth sixty million, that's what i taught her

I'm sippin' milk from out her titties, like a fuckin' toddler

Baby, i'ma suck that pussy like a baby bottle
