

REDEMBRECE - What we have

{Intro}

Fuck you melodiq

Damn son where'd you find this?

{Chorus: REDEMBRECE}

Ay

I got too much

On my mind right now

I need you right here just help me out

I got too much but she don't want it now

You can hit my phone guess it won't slow it down

What we have is real

Won't take it back I keep wanting you

'cause you in my head

I need you girl

Now i'm never mislead

But if you were to die

I'd give you my last breath

I got too much

On my mind right now

I need you right here just help me out

I got too much but she don't want it now

You can hit my phone guess it won't slow it down

What we have is real

Won't take it back I keep wanting you

'cause you in my head

I need you girl

Now i'm never mislead

But if you were to diDp

I'd give you my last breath

{Verse: \$at.urn}

I be in my room
In my hØmad see you still
And when I hear your voice bae
It always gives me chills
I just wanna hit your phone
'cause some time I need to kill
And I know you feeling down
But our love is feeling real
And girl I know that you want me boo
Sorry for the things I do to you
And I'm sorry for the things I put you through
I just really need to know that you love me too?

{Chorus: REDEMBRECE}

Ay
I got too much
On my mind right now
I need you right here just help me out
I got too much but she don't want it now
You can hit my phone guess it won't slow it down
What we have is real
Won't take it back I keep wanting you
'cause you in my head
I need you girl
Now i'm never mislead
But if you were to die
I'd give you my last breath
I got too much
On my mind right now
I need you right here just help me out
I got too much but she don't want it now
You can hit my phone guess it won't slow it down

**What we have is real
Won't take it back I keep wanting you
'cause you in my head
I need you girl
Now i'm never mislead
But if you were to die
I'd give you my last breath**
