

## **Adam Ford - Right Now**

**{Chorus: Adam Ford}**

**I just wanna place right now  
Pushing on the pace right now  
Running in a race right now  
Turn into a chase right now  
I just wanna place right now  
Pushing on the pace right now  
Running in a race right now  
Turn into a chase right now**

**{Verse 1: k1ng s1ngh}**

**My feet hit the ground yeah I leave an imprint  
You got no conditioning man you just got shin splints  
Running so fast that I'm banned from Strava  
You look like you drank too many pina coladas  
Blow by you like a freight train  
Supersonic, I'm a plane  
Fast like lightning, I'm insane  
You're heaving in the slow lane  
I break through the wind, yeah I give it a jolt  
In this game, i'm the Usain Bolt  
You're an imposter, the time is mine  
Can barely even see you, you're far behind**

**{Chorus: Adam}**

**I just wanna place right now  
Pushing on the pace right now  
Running in a race right now  
Turn into a chase right now  
I just wanna place right now  
Pushing on the pace right now**

**Running in a race right now**

**Turn into a chase right now**

**{Verse 2: Adam}**

**Aye look, had to bring it back**

**Know that I'm home when I'm stepping on the track**

**Aiming every time for a trophy or a plaque**

**Number one lane I thought you would know that**

**I don't think it's worth trying pass me**

**Leave â€˜em outta breath, sounding real raspy**

**For it all, any relay you can add me**

**Carry the team like they're sitting in the backseat**

**Remember, this ain't wheels all are I got are my shoes**

**And keep in, mind that I'm not planning to lose**

**Ahead of, everybody I'm apart of the view**

**Only look back to how far that I grew**

**{Chorus: Adam}**

**I just wanna place right now**

**Pushing on the pace right now**

**Running in a race right now**

**Turn into a chase right now**

**I just wanna place right now**

**Pushing on the pace right now**

**Running in a race right now**

**Turn into a chase right now**
