

Gee Threee - Nightmare / runnin' outta time

{chorus}

I jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine (make you mine)

Oh i jus' wanna make you mine

{bridge}

And i guess i never really knew what you wanted from me

All this time (all this time)

And we could run away from the past

And i jus' wanna make you mine (make you mine)

And i guess i never really knew what you wanted from me

All this time (all this time)

And we could run away from the past

And i jus' wanna make you mine (make you mine)

{alternative chorus}

Oh i jus' wanna make you mine

Oh i jus' wanna make you mine (all this time)

Oh i jus' wanna make you mine

Oh i jus' wanna make you mine (all this time)

Oh i jus' wanna make you mine (know i'm runnin' outta time)

Oh i jus' wanna make you mine (i know i'm runnin' outta time)

Oh i jus' wanna make you mine (kno-know runnin' outta time)

Oh i jus' wanna make you mine (i know i'm runnin' outta time)
