

YUNGBLUD - Hate Me

{Verse 1}

Bury it deep down keep it under your skin
Till you put {?} and made a verse of it
And you murdered it
And the chorus went

{Chorus}

I'd kill somebody to be somebody
To be who you wanna be
 {?} to all the shit nobody believes
 {?} to watch you bleed
 That's when you know that you made it
 You made it when you're hated
