

MaGyverMIRE - Life is absurd

{Hook}

Ahh

Nothing was the same for me

Everything is the same for you

You couldn't change

That's depressing babe

The world is crying out

Bitches are fucking for 10%

Niggas still chase them hoes

Soldiers losing their lives

They killing themselves

Then I catch my bread

I pray to God every day

{Verse 1}

Jesus Christ

My number one Savior

He made me King

He made me flourish in my dreams

He made me see my wildest dreams

I lost shawty, she my ting

I move like 1, 2, 3

I'm X-Pac on your ass

You treat me like shit

I treat you like trash

People don't understand what they don't know

{Verse 2}

Life is so absurd

Why you living a fake life?

When are gonna leave that life?

Baby, come home

**Just live with God
Niggas are treating me like I am God
My heart is made of Gold
My mindset like set of diamonds
I direct my life
I move with caution
Toss it, lose it, kick it, throw it
I let go of my expectations
Baby come be my sensation
I'll be your satisfaction
She so hot like Trish Stratus
I guess she got that stratus-faction
Inside she's an abomination
Outside, she's a little cute princess
The life of a female
Don't die last**
