

MaGyverMIRE - If you're in love with me

{Verse 1}

Yeah she goes to work

Yeah she goes to college

She was sent by God

To give me closure and love

I am not surprised

The beauty of her skin

It unveils my desires

I cannot live in lust

The beauty of her eyes

Well, I'm mesmerized

When I look at her

It's like I'm writing all my poems

The smell of her fragrance

Roses, and Sunflowers blinding my deadly eyes

I'm fucking tonight

She rocking Adidas

I'm rocking Adidas

Power couples bonded like God in one

She feels entitled

I feel entitled

She always chasing facts

Not attracting trends

I'm always chasing money

But my heart is chasing her

Goddamn I'm pushing my luck to Bender

I live with Christ

I always keep my promise

Baby, I'm the One

And I know you are the One

{Verse 2}

5 years later
She's a lawyer now
I'm a rapper now
Very well established
Everything is wild
She's dating her ex
I'm dating my P.A
The timing is very odd
When we first met at Jozi
I cannot wait anymore
We were very young when our dreams were alive
Yeah she syncs in silence
I keep away from violence
Baby shook that I leveled up
Now she crying inside
