

MaGyverMIRE - DIE YET

{Hook}

I cannot die yet

I'm grinding on my life girl

I promise God that I'm moving eyy x4

{Verse 1}

Yeah it feels like ground zero

I'm a guy who they hate dawg

They feel like they are on top

I compromise like Zoro

In my township, I got many stunts

I progress man

-

Eyy man

It's funny how your picture ain't perfect, but

Every time you stick around with people who drown you down

And those places that never make you smile

Then you cry

God bless you with a selfie that will make you smile

It doesn't matter if you lost love and still care

Heal your pain and move on

You'll be alright

Exercise self-love man and have faith

{Hook}

I cannot die yet

I'm grinding on my life girl

I promise God that I'm moving eyy x4
