

Derek Pope - Treehouse

Don't leave

I see bloodstains dripping on the seat

I don't know if that's you or it's me

But I know somewhere we can go

Don't say we're better off dead

All the lies everything that they said

All these eyes in the back of my head

But I know somewhere we can go

Burn out the treehouse

You can't talk to me now, no

I'm gone

When the smoke clears

Who's really still here

Don't tell me you're scared

You don't really know fear

You'll see when the light goes out

It won't disappear

Be real

Do you know who you're looking at

Looking in the mirror

Are you in

Anywhere at all we go off

Say it's lonely at the top but it's not

Half as bad as being down you forgot

Sayin a lot

Wrote the book they gotta study the plot

We not really buddy buddy at all

I know you just really want what I got

**Highs I'm peaking
Four whole seasons
Nights no sleeping
Day comes creeping in
Before I do it again**

**Can't help we're goin in circles
How you treat me like I'm a person
How you treat me like I deserve it
Self-sabotage I'm working on it
This house we built I'm working on it
Just tell me are you happier?**
