

## **Derek Pope - Famous**

**{Chorus}**

**Up late, sleeping on my feet  
Candy cane but shit ain't sweet  
Out the bag the cats on me  
Rains if all the dogs don't eat  
One man's bread another's feast  
Pick the flesh between my teeth  
Don't know where I'm supposed to be  
Don't know where I'm supposed to be**

**{Bridge}**

**They don't really speak my language  
Way too many you wanna be famous  
Way too many you wanna be dangerous  
I'm so tired man of hearing the same shit**

**{Verse}**

**And the funny thing is  
Nevermind I'm the only one laughing out loud  
Offa lickety split  
Now they look me up just to say look at you now  
Yea it is what it isn't  
Ev'rything changed in an instant  
I can see the world from a distance  
I want mor' than that I'm ambitious**

**{Chorus}**

**Up late, sleeping on my feet  
Candy cane but shit ain't sweet  
Out the bag the cats on me  
Rains if all the dogs don't eat  
One man's bread another's feast**

**Pick the flesh between my teeth  
Don't know where I'm supposed to be  
Don't know where I'm supposed to be**

**{Outro}**

**Who put the blame on us  
Who put the pain on us  
I think the drugs caught up  
I need the love too much  
I need to feel something  
I need my mind turned off  
I think my high wore off  
Watch how the lows creep up now**
