

## **Derek Pope - Down**

**Are you doing okay  
Haven't made a sound  
Can you feel the weight of  
Keeping me around  
Put away your secrets  
Buried in the ground  
Standing at the edge now  
Are you coming down  
Are you coming down  
Are you coming down  
Are you coming down**

**I wanna know  
What I couldn't see  
Cut open my lungs and breathe  
Dream a little dream**
