

## **Adam Ford - W3T IT UP**

**{Verse 1: Adam}**

**Look it's me, wetter than the sea, dripping on the scene  
So clean, wet em for a fee, on a soaking spree  
Who is he? Prolly a target, soaker make em flee  
I can't sleep, 'less I'm underwater, let the soaker breathe  
Take a breath, hydrophobic opps getting pressed  
Shooting purely water, so it's not really a mess  
Sanjay went south while I had to take it west  
When we came back, had the whole world strĐussed  
Scared of us, putting on a life jackĐut vest  
Aware of us, they know Wet Boyz are the best  
Care for us, no but they prolly know the rest  
And the rest is**

**{Chorus: Adam & Sanjay}**

**Wet it up, wet it up  
Don't think it's wet enough  
Wet it up, wet it up  
Pure water, that's on us  
Wet it up, wet it up  
Don't think it's wet enough  
Wet it up, wet it up  
Pure water, that's on us (Yeah Sanjay!)**

**{Verse 2: Sanjay}**

**Yeah it's Sanjay I'm inside your mind with my pistol  
Not shooting bullets though this gun is shooting water drizzles  
My last verse was cold now it's time to get flamed on  
Adam's scared of me, I'm the aquatic chainsaw  
You've never heard bars like this from a brown boy  
When you get sprayed you get wet like a chew toy**

Unchained and untamed I see a fire inside you  
Watch me put it out with this gun and it ain't hot glue

{Chorus: Adam}

Wet it up, wet it up

Don't think it's wet enough

Wet it up, wet it up

Pure water, that's on us

Wet it up, wet it up

Don't think it's wet enough

Wet it up, wet it up

Pure water, that's on us

{Verse 3: Adam & Sanjay}

Don't have airpods, I just put my phone to my ear

Splashed him in the desert, I'm like bro you can dry here

In a jet ski, had to speed away in high gear

They're like Sanjay, (Yeah?) what's your plan in 5 years?

Maybe turn the Wet Boyz to a Wet Nation

Super soaking on the opps is my occupation

Cold water leave â€œem with a red nose, Operation

Don't believe me bro, let me do a demonstration

Modded out a super soaker on my own dime

Leave a house underwater with the phone lines

Make a landlocked city reach the coastline

Climate change taking credit but it's all mine

They know me in Newark, Acton and Stow

In the summer shooting rain, in the winter its snow

Don't be hating Wet Boyz cause we're doing the most

Make it wet wet wetâ€œ! wait how does the chorus go?

{Chorus: Adam}

Wet it up, wet it up

Don't think it's wet enough

**Wet it up, wet it up**

**Pure water, that's on us**

**Wet it up, wet it up**

**Don't think it's wet enough**

**Wet it up, wet it up**

**Pure water, that's on us**
