

## **Alli Cazaam - ILUVU**

**Have i told you that i love you?  
Have i told you that i care about you?  
Have i told you that i need you?**

**Why is it so hard?  
Where did the words go?**

**Have i told you that i love you?  
Have i told you that i care about you?  
Have i told you that i need you?**

**Why is it so hard?  
Where did the words go?**

**And one day i'll be without you  
With no one here to love me  
And no one to care about me**

**Why did the words not come out sooner?**

**If you have someone to love you  
If you have someone to cares about you  
If you have someone to need you**

**Just take the time to say a few words  
I love you**
