## **Lyrics From Snippet**

**{Verse 1}**

**When I hop on the beat, I'ma step (You know that I step)  
Cracking shit like I play for the Mets (Like I play for the Mets)  
You'll never be me, yeah, just give it a rest (Give it a rest)  
I'ma just keep it direct (I'ma keep it a buck)  
F&N and it's aimed at your head (Bow)  
If I miss, then I take off your legs (Yeah)  
Keep it quiet, I don't like to flex (You could tell that lil' boy that I said)**

**{Chorus}**

**I was leaning like a kickstand with your bitch, man  
Never heard of one song but she still a big fan  
Heard the beef not squashed, you could bĐµ the big man  
Got 'em all choked up likĐµ they fell in quicksand  
I'm a grown-ass**
