YNKEUMALICE - Frankensteins heart

Chorus

Imma Alive

Imma Alive

Imma alive

How you

Bring me

Bring me

Back to Alive

Feeling like Frankenstein

How you bring me back to life

Verse

My heart was dead meat I was

Scarred from the heart

My heart left in stitches

How I been in and out of love

Your love got my heart beating again

Though I never find love like this

How I feel for you

How I feel for us

My hearts for you

My hearts only for you

It's us

It's us

Forever in death and life

Take you to the underworld

To an other side love you till

My hÐµart stops beating
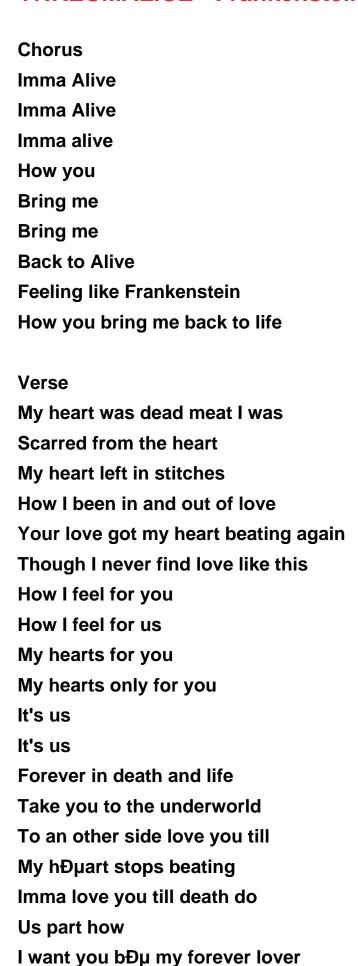

Imma love you till death do

Us part how

I want you bÐµ my forever lover

You got my heart beating

Again like you rose Frankensteins heart

How my heart was black and blue

How it ache for love that was true

I'm stuck to you like glue

True love hard to find like this

Chorus

Imma Alive

Imma Alive

Imma alive

How you

Bring me

Bring me

Back to Alive

Feeling like Frankenstein

How you bring me back to life

Verse

How my heart beats for you

Feeling alive after being dead from

A broken heart how I feel like living again

How I'm the end I found you

Your the one that I choose you I chose

With this dead heart

Brought it back to life

Nights I was alone in the

Graveyard with ghost that

Haunt me from my past

Chorus

Imma Alive

Imma alive

How you

Bring me

Bring me

Back to Alive

Feeling like Frankenstein

How you bring me back to life
