**Verse :**

**Dead man undertaker  
From my coffin of the past  
It's fuck the old me  
They didn't really like me  
They didn't really fuck with me  
Way back  
I changed since  
Feeling like zombie  
Walk around like zombie  
Old me dead and gone  
Ain't the same as I use to  
Change myself  
Make into a better person**

I became a creation Frankenstein  
My pieces of who I am  
Imma be me fr  
Even tho they hate me  
Wanna break me  
Don't know what side  
I am feel like imma another me  
I ain't the same feeling stuck  
In my head know I change  
Can't recognize who I am  
Im different then I was  
I feel me truely  
It's dearily departed to my old ways  
It's dearily departed my old self  
It's fuck that dude  
I ain't like me like I use too  
I be evolving and changing like  
A werewolf addicted to the moon  
Live long like blood sucka vampire  
Dead man  
Dead man  
Dead man  
How you is a dead man  
How you is dead man  
Dead man  
Dead man  
Dead man  
Full of dead ways
